JIM TO TAKE THE STUMP.

Fresno Train Mystery Cleared Up.

A MISER'S WRETCHED END IN DAYTON OHIO.

Platt Drops a Gentle Hint to Harrison.

Special to the APPEAL

Train Robbers Nailed.

Visalia, Cal., August 5.—The mystery of the Fresno train robbery has been solved. A desperate battle has just taken place between the officers and the robbers. This afternoon, Deputy Sheriff Witty was brought into town badly wounded. Four Sheriffs and a large posse have surrounded the gang of desperate robbers ten miles Northeast of Visalia. It is now known that two of the robbers are Chris Evans and George Sontag, both well known in this section. They are the men who shot Witty, and they also wounded Detective Smith, who went out to bring them in on the charge of train robbery. Evans came into Visalia last night and went to the office of Dr. Combs and paid a bill he owed.

When asked where he had been he said he had just returned from the mountains, where he had been at work on a mining claim.

Sontag was seen on the streets last night. An acquaintance asked where he had been lately, and he said he was just back from a trip East. Evans has lived in this community for a long time and is about 40 years old.

John Sontag, his companion is lame, and weighs about 165 pounds. He is an American, and has been living around Visalia since 1887. He came from Minnesota to California. Both Evans and Sontag have borne good reputations. George Sontag is now in jail. He is a brother of John Sontag, the man whom the officers are after. The posse, expects to arrest the two leaders, Evans and Sontag, before morning.

A Tough Game.

Dayton, O., August 5.—Frederick Kayser, an aged, eccentric and wealthy miser, hanged himself as the result of a quarrel with his daughter.

In addition to stocks and bonds, he owned a business and farm property here value at \$250,000 and had a large estate in Sweden left him by his parents.

For the past twenty-five years his daily avocation had been the collection of garbage and slops which he fed to stock on his farm. Despite his wealth he dressed in rags, and looked and acted like a distressed mendicant. His only daughter, a cultured girl, recently returned from a five-years' absence in Sweden, where she was studying music. Her efforts to induce her father to clean up and discontinue his slop-gathering mended the old man so much that he committed suicide. His wealth, which is estimated at \$500,000, will go to his daughter and her imbecile brother.

Blaine Will Take the Stump.

New York, Aug. 5.—The Mail and Express' Bar Harbor special says: Of the talk of Blaine's taking the stump, comparatively little is heard here, for at this season Bar Harbor deals but little in politics. Blaine is living in the utmost seclusion at Stanwood, and seeing few but the most intimate of his friends. It is said one of the members of Harrison's Cabinet called upon Blaine last week. Blaine, it is positively asserted, will take the stump during the campaign and do all he can for the success of the party. It is also asserted that Vice President Morton will take an active part in the campaign.

Harrison and Platt.

New York, Aug. 5.—Ex-Senator Thomas C. Platt emphatically denied the report that he was to have a conference with Whitelaw Reid, on the political situation in New York. He intimates very plainly that any overtures for closer relations between himself and President Harrison, would have to come from the latter.

The way Jack Plant mixed the head lines of the dispatches in the Enterprise yesterday indicates that Will Ash and Jim Moore should have kept him in jail when they got him there.

NEW MINT SUPERINTENDENT.

T. R. Hofer Confirmed by the Senate Yesterday.

Yesterday the following telegram was received in this city:

WASHINGTON, D. C. Aug., 5.

Theodore R. Hofer,

Carson, Nev.

You were nominated today by the President as Superintendent of the Mint and instantly confirmed by the Senate.

JOHN P. JONES.

Mr. Hofer has been twenty one years in the Mint Service, accepting various positions and always advancing. He was Chief Clerk through several administrations and during a great deal of the time practically the Superintendent. Mint Director Burchard said that he was "the best equipped man in the Mint service."

His appointment was due to no political pressure but a recognition of his long and efficient service in that branch of the Government employ.

It is acknowledged on all sides that no better selection could have been made.

Burial of Sam Wright.

The Sacramento News of the 4th publishes the following:

The last remains of Samuel Coleman Wright were reverently laid to rest in the Sacramento City Cemetery yesterday. At Masonic Temple the impressive ceremonies of the order were celebrated, and were concluded at the grave. Appropriate music was beautifully rendered by the quartette, Mrs. Pinkham, Mrs. Carter, Mr. Cohn and Mr. Crocker.

The songs were "Forget Not the Dead," "Cast Thy Burden on the Lord," "The Reaper and the Flowers," "Jesus Lover of My Soul," "Abide With Me." In accordance with Knight Templar usage a selected band played dirges to and from the grave.

The dead Knight's horse was led riderless in the cortage decked with all the trappings of war.

The great respect in which the deceased was held was made manifest by the touching tribute paid to his memory by his brethren of the mystic tie, many of which came all the way from Nevada to join in the last sad rites.

Mr. Wright returned to her home in Carson last night accompanied by her family.

A Drawing Card.

A London dispatch says: After a lapse of five years the procession in honor of Countess Godiva was revived Tuesday at Coventry. A beautiful young woman rode through the streets in a garb as near Godiva's on the occasion of her celebrated ride, about 835 years ago, as modern ideas would permit. Godiva was represented by Miss Alice Sinclair, from the Royal Aquarium, London. On this occasion there was no restraint to drive peeping Toms behind shelter. The route of the procession was thronged with spectators, who had ample opportunity to pass upon the physical attractions of Miss Sinclair.

This would be a great thing to introduce in Carson. Miss — would make a splendid Lady Godiva, if Miss — wouldn't accept.

Whole Cloth Lies.

Yesterday Mr. Nixon was in the APPEAL office and was shown a dispatch printed in the California papers purporting to be an interview with Mr. Nixon in Helena denouncing Gen. Weaver. His only reply was. The thing is a d—lie for two reasons. I never denounced Weaver, because I am for him, tooth and toenail. Secondly I was not within several hundred miles of Helena when the dispatch was sent, I never was in Helena in my life. It is merely a sample of how the Associate Press liars do campaign work.

Yes, Mark Him.

Francis G. Newlands was one of the speakers at the Weaver meeting in Reno on Wednesday night. Make a note of it, Messrs. Republicans.—Tribune.

Things have reached a pretty pass when a man must be marked by the Republican party of this State, for speaking for a platform where the free coinage of silver is advocated. If the party at large is advocating this kind of fool talk, the quicker the fact is generally known, the better.

Bodie All Right.

Bodie will be rebuilt at once. Business there was increasing when the fire came, and the gritty inhabitants of the town say the mines are improving and they will stand by the place.

ALL SORTS.

Geo. Gillson is visiting in this city.

Mrs. D. R. Sessions and children are visiting relatives in Carson.

Wanted—A genial companion for a camping trip. Apply at this office.

Why don't the Tribune make that affidavit it promised to about those omitted bills?

Percy King's wife presented him with a ten pound boy, in Napa Cal. on Wednesday.

Wanted—Furnished house of four or five rooms, in good locality, apply at this office. a3w

Senator Stewart, Editor Nixon and Senator Williams were passengers on last evening's train.

Mrs. Sam Wright came from Sacramento yesterday, with Lilly, John and Sam Wright Jr.

Gilbert Briggs has secured the contract for feeding the militia during the encampment, which begins on the 22nd.

For rent, 5 rooms, at the residence of Mr. T. W. Taylor, near R. R. track, furnished or unfurnished. Terms reasonable.

A postoffice has been established at the new creamery at Smith Valley, and called Smith. L. M. Baldwin is the postmaster.

The Independent prophesies that there will be a monkey and a parrot time in the Republican State Convention at Reno.

The APPEAL hopes to see the friends of the late Geo. Cassidy come forward and place their names on the one dollar list for his widow.

Weaver's way of illustrating how the bond holders contracted the currency, is so plain that a man with the smallest glimmering of sense would readily understand it.

When the APPEAL was making its fight to expose the doings of the ring in Ormsby county, it received no assistance from the News, the Tribune or the District Attorney.

Miss Lily Schneider, who has much improved as a vocalist since she went to Salt Lake, is now home on a short visit. She will complete her studies in New York.

About the maddest man in town is Dorsey Noteware, who is charged by the Reno Gazette with having gone back on silver. Weaver and everybody. Noteware ought to know that nobody believes the Reno Gazette any more.

Dorsey Noteware, a delegate to the Omaha Convention, says he has seen enough of the People's Party business and he don't want any more of it in his. He says the straight Republicans party is good enough for him, and that he proposes to stay by it if it takes all summer.—Gazette.

There is no truth whatever in the above.

An Orderly Crowd.

The crowd that came down on the special train, Thursday evening from the Weaver meeting, was noticeable for its good order, not a man on board drunk, not a whiskey bottle to be seen anywhere.

Contrast this with the boisterous, drunken mobs that four years ago attended the political meetings.

Pasturage.

On the Duffy and Kirman ranches which contain over 700 acres, being the largest body of pasture land in Ormsby county. As the waters from Clear Creek flume, Ash Canyon and Lake View flow through the property it is the best watered. From the extended range it is eminently fitted for stock cattle and horses. Two bulls, a Holstein and a Jersey, are kept for the service of stock. A limited number of milch cows will be driven from and returned to the city daily. Season commences April 15th. Terms reasonable.
